

Our theme for **National Health Center Week 2017 (NHCW)** is “**Celebrating America’s Health Centers: The Key to Healthier Communities.**” As local community owned and operated businesses, Health Centers serve over 25 million Americans at more than 9,000 delivery sites in all 50 states, the District of Columbia, Puerto Rico and U.S. territories. One in every fifteen people living in the United States depends on health center services. Health Centers deliver high quality, cost effective, accessible care while serving as critical economic engines helping to power local economies.

Sunday 8/13: Elected Officials Day
Monday 8/14: Health Screenings
