Annual Awards Gala Award Recipients

Friday, June 1, 2018

Every year, the Massachusetts League of Community Health Centers recognizes individuals for their personal achievements and their outstanding service to the communities and to the community health center network. This year we will be recognizing the following individuals:

RUDY HUNTER, Community Health Center of Cape Cod

will receive the League's most prestigious honor, the *Edward M. Kennedy Founder Award* which was established in 2010 in reverence to the late United States Senator, and is presented in honor of the achievements made by dedicated consumers, administrators, clinicians and leaders who continue to protect and promote health care access as a right for all rather than a privilege for a few.

LARRY ADAMS, Boston Health Care for the Homeless Program

will receive the *Joseph M. Smith Community Board Member Award* which was established in honor of the late Joseph M. Smith who served on the League's Board of Directors and was an avid supporter of the community health center movement in Boston. The award is presented to a past or present board member of a League community health center and is modeled after community activists and board visionaries.

ELIZABETH BROWNE, Charles River Community Health
