Connecticut River Valley Farmworker Health Program

What is the Connecticut River Valley Farmworker Health Program?

- **FREE Health Care Services**
 - Preventive and sick visits to a doctor or nurse practitioner
 - Pregnancy care
 - Dental care
 - Mental health counseling
 - Medicine prescribed by your health care provider
 - Eye checks and glasses
 - Lab work, x-rays, ultrasound
- **FREE Outreach to the Farms**
 - Health educators to talk with you about your health
 - Health care workers to check your blood pressure or do physical exams
 - Referral to community resources
 - Help getting other health services that are not provided at health center
 - Transportation to health care appointments off the farm

Who can receive the services?

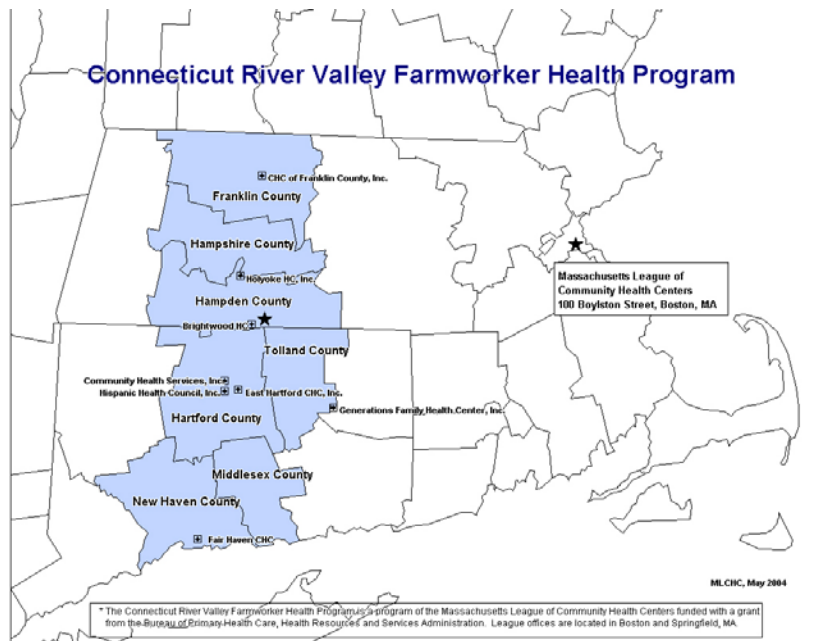

- Migrant and seasonal farmworkers and their families
- The farmworker must work in direct farming of seasonal crops
- Farm work must be cultivating, harvesting or preparing seasonal crops for market or storage

Where can farmworkers and their families receive services?

- Health centers in Massachusetts (3) and in Connecticut (4)
- At farms Valley-wide in Massachusetts and Connecticut
- At a health care provider who participates in the Connecticut River Valley Farmworker Health Program

How can I get in contact with the health care provider?

- You can contact the health center or health care provider
- You can ask the outreach worker to help with an appointment
