Proposed Uniform Data System Changes for Calendar Year 2023

Mary Ellen McIntyre

Sep 10, 2022 10:53 AM

We wanted to be sure you saw that HRSA recently released the proposed 2023 UDS in a Program Assistance Letter released Aug. 12. (note: for reporting Feb. 2024 so not this year’s upcoming report).

- Proposed Uniform Data System Changes for Calendar Year 2023 (hrsa.gov)
Documenting Your UDS Process

**Copies of Reports**
- Including notes with full descriptions and explanations
- System used for each measure (financial, EHR, DRVS, etc.)
- Source codes, version numbers, parameters, run dates
- Contributing staff for each UDS Table

**Issues and Workarounds**
- Describe the problem fully
- Include “need to know” for next year
- Ensure other staff know where to find this information

**Notes for Submission Review**
- Provide your “EHB person” with comments explaining variation from prior year
- This is helpful for the UDS Reviewer and will save everyone time during the review process.

*Now is the time to review documentation from last year!*
EHR Transitions and Additional Support

12 CHCs have changed EHRs this year!

- You will be combining data from two sources for some UDS Tables
- DRVS CHCs will have data from both the prior and current EHR for CQMs
  - Azara will prioritize validation of UDS information in the conversion process
- Please contact the HCCN Team with any questions or for additional data support

HCCN: Zabin Munshi at mmunshi@massleague.org or Lynette Mascioli at lmascoli@massleague.org

EHR User Groups

The League’s Health Informatics Department supports the following EHR User Groups:

- eClinicalWorks (eCW)
- OCHIN/Epic
- NextGen

• Each EHR platform has an online community that allows for real-time communication, collaboration, and sharing of resources with other health centers
• OCHIN/Epic has a quarterly Forum mtgs via Zoom. We are working to join CHCs to other User Groups for eCW, NextGen, and Athena.
• To join, please email Marlene Abreu (mabreu@massleague.org) with your Name, Health Center, and Job Title
UDS+ - What is it?

UDS Patient Level Submission (UDS+)

UDS+ is...
- Beginning with the 2023 UDS, BPHC will accept patient-level report data.
  - UDS Tables PBZC, 3A, 3B, 4, 6A, 6B, and 7

UDS+ does not...
- Collect full copies of data directly from patients’ electronic medical records.
- Collect patient identifiers.

BPHC plans to accept UDS+ data in two ways:
- Manual file upload system & Fast Healthcare Interoperability Resources (FHIR)
