

The 2022 James W. Hunt, Jr.
Community Health and Public Service Scholarship

About the Scholarship:

The Massachusetts League of Community Health Centers is pleased to announce the availability of the Hunt Scholarship. This \$2,500 cash scholarship is awarded to a student at the undergraduate level who displays a genuine interest in community and public health through either academic study or volunteer service. The student must be a candidate for a degree at an educational institution that maintains a regular faculty and curriculum and normally has a regularly enrolled body of students in attendance at the place where it carries on its educational activities. In addition, the student must be a Massachusetts resident **or** a Massachusetts community health center employee and can be enrolled at an educational institution outside of Massachusetts.

Established in 1992, the Hunt Scholarship was named in honor of the Massachusetts League of Community Health Centers' long-standing Chief Executive Officer, James W. Hunt, Jr., who first joined the health center movement in 1972 through volunteer participation on a community health center board and who rose to become the President and CEO of the Massachusetts League of Community Health Centers. Jim retired in June 2021. As both a state and national leader on community-based health care issues, Jim promoted the value of health centers in improving access to quality health care while reducing costs across the health system.
